

Moemen Mohamed Fawzy

Computer Science Student | Aspiring SOC Analyst

✉ moemen.mohamed.it@gmail.com ☎ 01500022148 📍 Mit Ghamr, Egypt 🔗 LinkedIn

PROFESSIONAL SUMMARY

Motivated third-year Computer Science student at MUST with hands-on experience in cybersecurity, networking, and IT support. Proficient in Linux environments, network security tools, and programming languages including C++, Java, and Python. Seeking an internship opportunity to contribute effectively in a Security Operations Center (SOC) role.

PROFESSIONAL EXPERIENCE

Intern

Dokki, Egypt

Egyptian Contracting Company

- Assisted in hardware maintenance and troubleshooting, reducing downtime.
- Supported database management, ensuring data consistency and integrity.
- Provided IT support and resolved technical issues.

Trainee

Egypt

National Telecommunication Institute (NTI)

- Completed intensive training in Cyber Security and Networking.
- Utilized Kali Linux and Huawei eNSP for network simulations.
- Strengthened understanding of network infrastructure and threat mitigation.

EDUCATION

Bachelor of Computer Science

2027

Misr University for Science and Technology (MUST)

Egypt

Expected Graduation: 2027

TECHNICAL SKILLS

Programming

C++, Java, Python, HTML, SQL

Cybersecurity & Networking

Kali Linux (Wireshark, Nmap, Packet Tracer), Linux OS, Huawei eNSP, Network Fundamentals, CCNA, Ethical Hacker

Tools & Platforms

Git, Virtual Machines, Command Line, Microsoft Office

Soft Skills

Teamwork, Problem Solving, Time Management, Communication

PROJECTS

Arduino RC Car

Mobile-controlled car using Arduino & Bluetooth.

Website Checker

Linux tool to monitor website uptime.

Ping Test Tool

Automated network connectivity testing script.

Automated Security Alert

Real-time alert system for suspicious activity.

Subway Game

2D graphics-based game with scoring and restart features.
